When Run-Down

KANSAS CITY, KANS .- "I have taken Doctor Pierce's Favorite Prescription many times with very good results. I have taken it for woman's weakness when I was all run-down, weak and nervous and it soon had me built up in health and strength. I have taken it at different times as a tonic and it has never failed to give relief. I have also recom-mended it to others who have been benefited by its use.

"As I have done lots of nursing I am in a position to know that 'Fa-vorite Prescription' has saved the life of many a woman," — Mrs. A. Gehriger, 1402 Wood Avenue.

Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman who is weak, run-down. Dr. Pierce's Favorite Prescription is the best women's tonic there is. It is 50 years old, and its age testifies to its goodness.

enry Brown. Mrs. Chas, Braddy is on the sick r and Mrs. James Gorden attend-his stator's funeral at Bismarck

BETTER NUTRITION FOR FARM CHILDREN

Health clinic work was started last week in four rural schools of Pemiscot county, and the investigation resulted in the discovery that nearly 30 per cent of the children attending these schools were found to be underweight. Miss Jensen of the Agricultural Extension Service, University of Missouri, spoke to the children and their perents on nutrition. In several instances physicians were called in to give instructions for the physical betterment of these gupils. In this county, as in other parks of the state, there is found a real need of this work, and a very satisfactory degree of co-operation is being offered by the local community leaders.
